« SLIDE INTO THE STORM » TOUR

PR!SK grew up with classical music, while always wanting to make her own music.

After many concerts in the south of France with different cover bands, she decided to take advantage of this difficult time to compose her first album.

Her songs are about the eternal battle between life and death, always with a touch of optimism, ranging from sweetness to strength, supported by classical and rock musical influences.

« SLIDE INTO THE STORM »

was released on April 21, 2021.

Accompanied by a band of musicians and backing singers, PR!S.K is now ready for her first live concert..
